

## PRESS RELEASE

---

### The right Solution for every Air Ambulance Case

German Air Ambulance Operator FAI rent-a-jet AG has announced ability to offer the full range of Air Ambulance Services in respect to cabin size and range with immediate effect.

FAI's entry model is the Raisbeck- + AVCON-modified small size LR35A-R/X followed by the medium size Learjet 60 which is topped by a Challenger 604 - Wide Body for non-stop missions such as UAE to UK or transcontinental missions.

FAI was founded in 1987 and meanwhile is serving the Insurance- and Assistance-Industry, governmental and non-governmental organisations, hospitals, corporate and private clients free of accidents for more than 20 years.

FAI's dedicated Air-Ambulance-Fleet currently consists of 2 ea. LJ 35A R/X, 1 ea. LJ55, 2 ea. LJ 60 and 1 ea. CL 604. Furthermore 4 ea. LJ 55 and 1 ea. LJ 60 are operating under longterm NGO-contracts in Africa in MEDEVAC- and CASEVAC-Service.

FAI recently has become a member of the MARFIN Investment Group (MIG), which is Greece's largest buy-in firm, currently in final process of taking over Greece's National Carrier Olympic Airlines.
