

## PRESS RELEASE

### FAI reports Record Sales in 2009

Construction of new Hangar and Office-Building has started

German Airambulance Specialist FAI rent-a-jet AG (dba Flight-Ambulance-International) has reported new record sales for the fiscal year of 2009. Total revenues consolidated from operations reached € 38 m including € 6 m from FAI's Swiss subsidiary Nomad Aviation, which reflects all over an increase of 45 % vs. 2008 (€ 27 m).

For 2010 FAI even is expecting revenues of close to € 50, what would be another increase of 30 %. FAI currently operates a fleet of 14 aircraft (2 LJ35A, 7 LJ55, 4 LJ60, 1 DA900), 6 of them are operating under NGO-Contracts in Africa and Haiti. Nomad's Fleet just was expanded to 5 aircraft (3 CL604 + 1 Legacy + 1 CJ).

There was groundbreaking for FAI's new state of the art Hangar and Office-Building, which includes a 100 kwp rooftop Solar-Powerplant, ensuring carbon neutral ground operations.

## PRESS RELEASE

---

The € 10 m-project consists of a 2.500 m<sup>2</sup> Hangar plus a five-stories office-building which includes workshops and storage space for FAI's EASA-Part 145-Maintenance Center. Completion is scheduled for first quarter of 2011 latest.

"This significant Investment will secure FAI's future growth and also is a commitment to Green Ground Operations", Siegfried Axtmann, Founder and Chairman of FAI-Group, in a statement.
