

FAI & SLR. CLUB: An excellent Alliance.

FAI rent-a-jet AG and the Mercedes-Benz SLR. CLUB have established a unique cooperation from the year of 2011 on. With this partnership FAI expands its activities within the business segment "Executive Jet Charter".

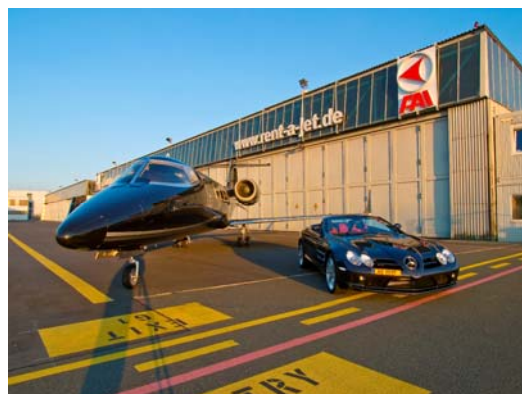

The success story of FAI rent-a-jet AG continues: FAI, the biggest European air service provider for the world's largest NGO in Africa and global market leader within the Air Ambulance sector, is expanding its activities in "Luxury Travel by Private Jet" by becoming Official Partner of the SLR. CLUB from 2011 on.

Since its official launch in 2006 the SLR. CLUB has become the international community of Mercedes-Benz SLR McLaren owners. The club offers high class events all over the world to its members. FAI will fly SLR. CLUB members to their preferred destinations around the globe at the highest level of travel in respect to comfort and safety.

Why FAI and SLR. CLUB? Siegfried Axtmann, Chairman and Founder of FAI rent-a-jet AG in a statement: "Our Executive Fleet's philosophy is based on the idea of guaranteeing a maximum of flexibility, comfort, and safety to our passengers. We would like to offer this outstanding service to international SLR. CLUB members, who expect to travel at the highest level to SLR. CLUB. Events and other preferred destinations."

Whilst the SLR. CLUB will be offering - as always - exceptional events at the most beautiful destinations worldwide, FAI seamlessly will supplement and enrich the existing services as an expert partner.

From now on, SLR. CLUB members can look forward to the event's first highlight before the Event actually begins.

Nuremberg, December 2010
